

## FROM THE DESK OF THE PRESIDENT

**BY NANCY SISLOW**  
BOARD PRESIDENT

Your POA Board held another Special Meeting on Friday, May 9 to accept the resignation of POA Secretary Meg Damiens. Meg encountered professional opportunities that make it impossible for her to continue in this role. Thank you, Meg, for all the work you have done with and for this Board.

As a result of this resignation and based on the Bylaws, the Board appointed Director Michael Tubbs as interim POA Secretary. Since the Board is mandated to replace Director Stromeyer and according to the Bylaws, an election must take place. To set the election process in motion, Director Tubbs' recommendation of Director LaFontaine as Election Chair was accepted by the Board. To assure that all candidates have adequate time to inform the membership of their candidacy and to meet the requirements of a formal election, the Board also approved the rescheduling of a Membership meeting (when the election must take place) from June to

an August date to be confirmed. I hope you have noticed the announcements of a Director position by the time you read this.

Additionally, and very importantly at the Special Meeting, the Board approved the Future 2.0 Committee's strategy for the post-covenant future of the Diamondhead POA. The committee met after that last Board meeting to begin the process of planning the future. This vision was spread across the minutes of the May 19th Open Board Meeting.

Vision/Strategy for the post-covenants future of Diamondhead POA

Aging infrastructure, rising inflation, rising cost of insurance, new property taxes, and loss of membership driven by the expiration of several POA covenants have forced immediate action. Our priorities this fiscal year have included making changes necessary to ensure we remain operational while managing existing resources and costs. Looking to next year and beyond, additional planning is necessary to provide proper service

levels across our portfolio of amenities.

To ensure that the Diamondhead community retains the greatest number of amenities for the greatest number of members, the POA Board announces its long-range plans to take the following actions:

1. Lease Tennis Club
2. Divest the POA of the following amenities: the airport, the ball fields, the community center, Twin Lakes, and playgrounds. The preference is to sell these amenities to a buyer who will retain them in their current form for use by the community. That preference, however, cannot be guaranteed.

3. Retain the Club, both golf courses and associated golf facilities, golf maintenance facilities, the Club walking trail, all pools, the main pool area, tennis and pickleball courts, the marina, and the RV storage.

4. Explore a future without mandatory covenants. This will require that the POA Board achieve the delicate balance of maintaining strong membership numbers while collecting sufficient dues and user fees

to maintain the remaining amenities in a manner consistent with the community's expectations. POA members will continue to enjoy the lowest fees and the greatest access to these amenities.

These changes will not occur overnight but over time as the plan unfolds and details are fine-tuned.

As I have said, change is not always easy, but in the end, it is inevitable. This

Board will work to assure we seek solutions that result in having our community retain its unique attributes. The future may be different from today, but hopefully better than "the old days."

I, and all the Members of the Board, thank you for the opportunity to serve the Diamondhead Property Owners Association and its great amenities.

## ELECTRONIC FLIGHT BAGS

How many of us remember the unofficial class we all took in proper folding of enroute or sectional charts? It was the seasoned pro who could return a chart to the original folded condition after a flight. It's been over twenty years since electronic flight bags started appearing on flight decks. Over the years, I've seen how these devices have improved along with the flight planning and chart applications running on them. They also provide a convenient way to carry flight manuals and other documents.

These days, you'd be hard pressed to find a pilot who still uses paper charts, but has this shift improved safety?

## MURKY WATERS

The FAA has not laid down any hard and fast guidance for GA pilots on the subject, but the 121 and 135 world has had to show how the devices would be maintained, used and backed up. We could learn a few things from their EFB policies and procedures.

At some point, I saw a rule saying if EFB's are used for IFR flight, a backup device or paper charts must be used. Either that has changed or maybe it was a 135 or 121 regulation, but either way, it's a great idea. The last thing you want to deal with just before crossing the final approach fix is having your screen go dark. If using dual EFB's, I recommend keeping

both devices set to the same charts so a failure isn't too inconvenient. If paper charts are your backup plan, have the approach plate tabbed somehow.

If you're not instrument rated, a failure may not be too critical but VFR or IFR, having the airport diagram displayed when taxiing is a critical defense against a runway incursion, and with current systems, you can see yourself on the chart as you move around the airport.

## PREFLIGHT ACTIONS

Successful flights with EFB's start long before the prop ever starts turning. Learning the features of the applications takes a bit of effort. Many designers have incorporated excellent feedback from pilots, resulting in user friendly and intuitive products that help you along your journey rather than making you jump through endless menus to do even the most basic tasks. Jeppesen's FD Pro has arrows at the bottom of the screen to allow scrolling through charts selected by merely tapping a circle next to each chart. Foreflight has a chart binder feature that does something similar, but selecting the charts is a bit more cumbersome. Both products have become property of Boeing, so many desirable features are being added to both.

FAR 91.103 says pilots 'shall, before beginning a flight, become familiar with all available information concerning that flight'. Much of this can be accomplished with EFB's.

It's a simple matter to check runway lengths, NOTAMS, forecast weather, fuel price and availability and more.

A full weather briefing before a non-local flight is critical to a safe flight as well as making sure you're legal. Foreflight's flight plan features allow for weight and balance calculations, comprehensive weather briefings and loading all charts that may be needed for the flight. This briefing is logged, so you have proof of your preflight planning. Filing flight plans is a simple matter as well, with most information included automatically.

Like trying to take notes in school, the old phone briefing with a weather briefer was a mad rush to copy all the information that streamed nonstop through the phone. Having the full briefing content available for later review is a tremendous help (and I don't have to try to decipher my handwriting hours later).

A before start checklist for EFB equipment might include:

- Devices at a minimum battery level (some companies suggest 20 to 30 percent)

- Any backup batteries fully charged
- Charging cables onboard and available from pilot seats
- Devices on and apps updated and running properly

## SAFETY CONSIDERATIONS

Leaving electronics in the plane while sitting on a hot ramp will likely result in having to wait for the device to cool before you're able to use it. It's a better plan to bring the devices with you, to keep them in cooler temperatures. The two main reasons for battery fires are high temperatures and physical damage to the battery itself. Keeping electronics out of high temperatures helps to avoid a fire, but bags like the LithiumSafe battery bag are valuable safety items to have onboard.

<https://www.lithiumsafe.com/lithium-battery-safety-bag/>

The FAA discusses mounting of EFB's in many of their advisory circulars. They stress that if you have a mount, the EFB doesn't block installed flight or navigation displays.

If the device isn't mounted, it must be stowed securely for takeoff and landing.

## FURTHER READING

EFB usage is still evolving. The FAA has a few advisory circulars covering EFB usage that are worth reading.

# Diamondhead Scouts Complete Service Projects on the Path to Eagle Rank

BY MICHAEL BURKE

Diamondhead Scouts are completing their capstone community service projects to earn their Eagle ranks in 2025. Three Life Scouts have successfully completed the projects they set out to accomplish by planning, organizing, and leading each initiative. Sanders Bennett's project was to construct and install birdhouses throughout Diamondhead. Brody Coats' project involved installing bat houses at four locations within the community. Trip Willis' project was to design and build a Flag Retirement Fire Ring at Maluhia Gardens, providing a respectful location for the proper disposal of worn American flags. Each of these projects was chosen by the Scouts as a way to give back to the community they live in and to embody the values and principles of the Scout Oath and Law they have pledged to uphold. These Scouts of Diamondhead BSA Scouts Troop 210 are grateful for the support and guidance they received from the community throughout the completion of their Eagle projects. For two of the three Scouts, the next step is to participate

in an Eagle Scout Board of Review to verify that their hard work and leadership meet the high standards set by Scouting America. For Eagle Scout Brody Coats, the path to Eagle is complete—he earned

Flag Retirement Fire Ring Eagle Scout Project by Trip Willis

Bird House Eagle Scout Project by Sanders Bennett

Bat House Eagle Scout Project by Brody Coats

and was awarded his well-deserved rank in April. Congratulations to these outstanding Diamondhead youth on their path to Eagle and beyond. We are fortunate to have such dedicated young leaders in our

community. Troop 210 meets every Tuesday at 6:30 p.m. at the Hancock East Library in Diamondhead. All youth ages 11–17 are welcome to join us on our Scouting adventures.

# Diamondhead Senior Village

BY MARY GOBERT

The Senior Village participants continued growing their community in the month of May with several speakers, regularly scheduled activities, and a field trip to Pine Hills Nursery. The highlight of the month was the annual picnic, where old and new friends came together for food and fun. Remember, the weekly activities at Senior Village are free and everyone is welcome!

One goal of Senior Village is to become an integral and integrated part of the larger community. One of the community partners that aligns well with this goal is our East Hancock library. Senior Village and East Hancock both

have active book clubs. For the summer months, Senior Village Book Club will meet with the library book club on the second Thursday of each month at 10:30. Call the library to find out the book title and reserve your copy. The East Hancock Library's number is 228-255-4400.

Senior Village also sponsors the monthly Memory Cafe every fourth Friday at the library at 10:00. Caregivers of those with memory loss and their loved ones, if they wish to, come together to support each other. Activities are planned for all. Please spread the word to anyone who would benefit from this.

Some activities are set monthly. On the second

Tuesday of each month at 10:00 is linedancing for beginners. This is held at the Woodland Village activity room so that the residents there can participate and enjoy the fun of learning and movement. Come dance or sing along!

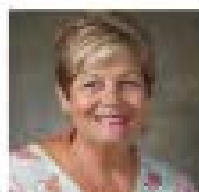

The third Thursday of each month at 11 is Craft Day at our meeting room across from Woodland Village. All supplies and instruction are provided as well as lots of chatter. Coffee and snacks are provided at all Senior Village activities to underscore the social aspect of the gathering.

Stop by to see what's happening or to suggest what you'd like to see happen. Hope to see you soon!

# Veterans Lead Community in Day of Service at Maluhia Garden

BY MICHAEL BURKE

On a bright Saturday morning in May, members of VFW Post 2880, local Scouts, and community volunteers gathered with tools in hand and a shared purpose: to serve.

As part of the national VFW Day of Service, an initiative that showcases how veterans continue to serve their communities beyond active duty, twenty volunteers from Diamondhead assisted VFW Post 2880 as the veterans took on essential cleanup and repair projects at Maluhia Garden and the Blue Star Memorial.

The groups completed a

Veterans Lead Community in Day of Service

wide range of tasks, including power washing walking paths, repairing rotted bridge planking, rebuilding gazebo rails, and trimming overgrown hedges and branches. The event was a shining example of teamwork and civic pride, as members of the Diamondhead Garden Club and Diamondhead Scouts of BSA

Troop 210 worked alongside veterans to restore and beautify the cherished community garden and memorial.

“Our veterans never stop serving,” said a VFW spokesperson. “Today was about coming together, giving back, and keeping the spirit of service alive in Diamondhead.”

Key to the success of the

event were Diamondhead City Manager Mr. John McGraw and city employees Mr. Josh Swenson and Mr. Ty Wiltz, who played instrumental roles in ensuring that the necessary materials and city support were in place to complete the work.

The cleanup and restoration effort was part of the

broader #StillServing campaign, which recognizes the ongoing contributions of America’s veterans in their communities.

VFW Post 2880 extends its gratitude to all who participated and supported the effort. This year’s Day of Service once again proved that the mission of service does not end with a uniform—it continues in the heart of every veteran who steps up for their community. VFW Post 2880 meets the first Wednesday of each month at The Club in Diamondhead with a 6PM start time. Veterans are welcome to bring a copy of their DD Form 214 to apply for membership.

### DIAMONDHEAD GARDEN CLUB BY BRIERLEY ACKER

If you missed the garden club flower show in April you missed a good one. We had 200 botanically named Horticulture entries, 12 designs, AKA flower arrangements, 12 botanical arts displays, and 4 educational exhibits. We use botanical names because a yellow flower can be called a buttercup in Maine and a Coreopsis here in the south. They can look very much the same but different species, so without the botanic name you never know just what you may be getting. Using botanical names are the same wherever you live so using them means you will always get exactly what you want not “Surprise”

Diamondhead Garden Club

Our flower show will be in April again next year, 2026. Put it on your calendar when you get the 2026 one.

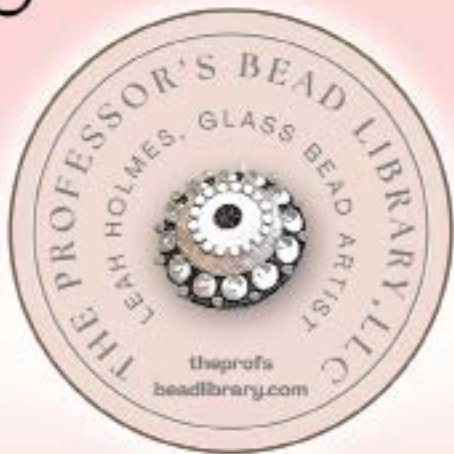

Our next and final meeting of the season will be on May 21st with the installation of the new officers for 2025-2027. The club year is from September through May.

Have a wonderful and hurricane free Summer. See you in September.

mood. The beautiful flowers along with the Chinese lanterns and butterflies decorated the room from floor to ceiling. Everywhere provide a pop of spring to excite the senses.

Ladies enjoyed a wonderful meal that ended with the luncheon's signature dessert, a cupcake in the shape of a lady's heel. This year the luncheon changed up their traditional fashion walk. Each guest was provided with a number from 1-12. As a random number was called the hostess with that number along with all the guests that had that number danced their way down the runway to a upbeat party song picked by the DJ. # Meet Our Executive Chef — Mikey Turan

We're excited to announce that Mikey Turan is now our Executive Chef at The Club at Diamondhead! Mikey was hired as Sous Chef at the Club in November 2022 and promoted to Executive Chef in February 2025.

Mikey brings over 14 years of experience in the kitchen, starting young and working his way through some of the finest kitchens around. His culinary journey includes:

- Working at the Bakery at the Beau Rivage
- Line Cook and then Lead Cook at Stalla in the Beau
- Sous Chef at BR Prime
- Time spent at the Beau Rivage buffet
- Chef over Bet MGM Sports Bar

Cooking truly runs in Mikey's blood. His family has a strong food legacy, with his dad owning Blizzard Beach and his great-grandmother running the Cactus Grill, both in Long Beach.

Mikey attended MGC-CC and dual-majored in Culinary Arts and Baking and Pastries. However, he

**Mikey Turan - Country Club's Executive Chef**

credits his career growth equally to the hands-on experience of working in fine dining and casual kitchens.

Mikey doesn't have a favorite dish to cook—he loves preparing anything that “makes the soul happy.”

Outside the kitchen, Mikey is a proud husband to Courtney and a dad to Freya and Elijah.

When asked what he loves most about being at The Club at Diamondhead, Mikey said it's “meeting people from all walks of life, hearing their stories, and connecting through food.”

We're thrilled to have Mikey on our team — be sure to congratulate him the next time you see him!

This hike is sponsored by the Jackson County Recreation Department, Mississippi Sandhill Crane Wildlife Refuge, and the Audubon Society and is led by an expert naturalist. The hike meanders through the marsh and is ever-changing. It will be followed by lunch somewhere in or near Ocean Springs. Meet at Twin Lakes a bit before 8:00am. Leave at 8:00am. Hike starts in Ocean Springs at 9:00am. Leader from Diamondhead to Ocean Springs: Sheila Edwards

Thursday, June 26—We'll return to try the Tuxachanie Trail along Hwy 49 near Saucier again. We should knickname this trail the Johnny Phillips or the Kat Norton "Tribute Trail"... ok... it's a long story... ask us about it during the hike <heh heh>. This trail is a bit more challenging than those we often take (yeah, it's a dirt path with several hills on which you'll want your hiking stick) and we probably won't take it to the end. Thursday, July 3—Diamondhead Fireworks start at 7:00pm. While technically "not a hike", you may get your steps in walking from wherever you park to our picnic spot on Diamondhead's south side (in the field near Camphouse). Whoever wants to join the "picnic gang" should plan on bringing coolers, chairs and LOTS of bug spray. More details about this event as we get closer to the date.

Our next planning meeting will be Tuesday, June 6, at 6:00pm in the Kana-ka room at the DH Country Club. We'll be making plans for hikes in July, with an emphasis on staying cool by hiking indoors. That will allow us to discover some interesting museums, exhibits and archives. Sooo.... where have you "chilled out" to escape the heat in the office? Come with your er-uh "confessions"/suggestions. We're looking for some tantalizing summertime treats!

# Marina, RV Storage, & Recreation Managers Report

**BY DIANNE SIMONSON**

Hello comrades, it is a pleasure to be able to serve you and the community.

Marina currently only has 2 open slips available. All good on the South side.

Recreation Department has a couple of new items- the keypad system is currently in place for you to enter

the pools. Please do not use any letters if your member number has one. Only the 5 digits are used. If you have a problem with accessing the gates, please call 228-255-2929, if we miss your call please leave a voice-mail with your name, member number and phone number, and we will get right back with you!

Pickleball players will now have access to the storage space behind the Main pool. This key is on the key-

chain with the gate. There is a consent form for Pickleball players that is in the Golf Pro Shop that needs to be signed by all players. This form only needs to be signed once by each player. This form is a liability form for protecting the POA property and should better capture how many Pickleball players we have.

and if you have extra items at your property that require your property to look neat and tidy call or come by the Marina and have them put in the RV storage area.

Please feel free to call me anytime- 228-216-9059.

**THE CLUB AT  
DIAMONDHEAD GOLF  
BY CHRIS ALTESE, PGA  
DIRECTOR OF GOLF**

Starting to notice a little warm up in our temperatures but not too warm for golf. Summer golf is here! Why play golf or live anywhere else? Diamondhead has it all.

The Malahini Member-Guest was held in the May 16-18. Another fun event this year with a large field. This year's event was a round robin match play championship. Results have been posted on The Malahini event website through Golf Genius. Congratulations to all our flight winners!

We know it is tempting to walk on the golf cart paths/trails during this nice weather. All should obey the posted signage at all entry points prohibiting any activity on the golf course, golf cart paths, and golf cart trails other than golf. This is ultimately for your safety and so that those

members and guests paying to play golf can do so without concern of hurting someone with an errant golf shot someone who happens to be in the wrong place at the wrong time. With many newcomers to the area and some not so new that do not know golf, it is important that we share this information. On the same note, Diamondhead members have access to several walking trails that were designed specifically for that purpose. Feel free to ask our staff in the Golf Shop or call (228) 255-3910 if you have any questions.

Our annual Summer Junior Golf Camp/Clinic has proven to be some of our most popular events. We will run one session from June 23-26. Student-teacher ratio will be limited to 5:1. Includes putting, short game, and full swing. Open to all juniors age 7 & older. Check with the Golf Shop for more information or to sign up.

The Hawaiian Mixed Couples Invitational is upon us. This event kicks off Summer golf for us. Be sure to mark your calendars for our other great events. Each year, we look forward to hosting the Hawaiian Invitational, one of our favorite events of the year. Once again, this event filled up within days of opening registration. 48 couples will participate this year on June 6-8. We look forward to seeing our regulars for this event as well as newcomers.

Please be sure to post your scores in GHIN so that you have an accurate handicap index. Make sure if you play, you post. Any questions concerning your golf handicap can be directed to one of our Handicap Committee members.

### **MOST HOLY TRINITY GOLF TOURNAMENT BY BRIAN PERRY**

The annual Most Holy Trinity Catholic Church golf tournament was a resounding success! Cheryl and Joe Doyle led the event, a wonderful whirlwind of fellowship for our church community. All proceeds this year are earmarked for the youth of our parish to be used over the next several years - after all, these children are our future. We want to become good, strong Catholic adults.

Over the years, a party for volunteers has become a welcome tradition. We were invited to the Doyles' home for Cheryl's delicious gumbo, potato salad & bread pudding. See picture.
